

Additional file 6. Comparison between differential expression in Wuhan 1, Nyubai and HC374 at two days post-inoculation in two experiments. Experiment 1, Pan *et al.* 2018; Experiment 2, this paper. A) Wuhan 1 vs. Nyubai; B) Wuhan 1 vs. HC374; C) Nyubai vs. HC374. The red line corresponds to a linear regression between the effect size (\log_2FC) in the two experiments.
